Alexandrina Council's Small Grants Program for 2026/27 officially opens on Saturday 1 August 2026 with applications welcome from individuals and community groups.

The Small Grants Program provides funding for a wide range of projects and activities. Individuals can apply for up to \$400 and community groups can apply for up to \$1,000.

Applications are invited from community groups to fund projects, events or activities that align with strategic objectives outlined in various council plans.

Applications are also invited from individuals under 25 years or living with a disability residing within the Alexandrina Council area to undertake personal development opportunities within one of the following categories:

- Arts, Culture, Music and Dance
- Sport and Recreation
- Community Participation and Leadership

"We look forward to receiving applications from individuals and community groups to support their endeavours that contribute to a Liveable. Green. Connected. Alexandrina and empower our young people or people living with a disability to pursue personal development opportunities," said Alexandrina Mayor Keith Parkes.

"The Small Grants Program supports a variety of aspirations and development opportunities, and I strongly encourage individuals and community groups to read the guidelines, prepare an application and apply. There are many possibilities to explore and consider."
