

7 May 2024

Hello

New Traffic Management Plan for our works on Waterport Road, Port Elliot

In response to your feedback, a revised traffic management plan will be in place when **works recommence on Waterport Road next Thursday 9 May**.

The new plan includes an earlier finish time to avoid the afternoon peak period.

What you need to know

- **Our works will take place on Monday to Fridays, between 6.30 am – 2:30 pm**
- **During this**, Waterport Road will be closed and a detour in place (this route has not changed)
- Traffic lights may be used along the detour to manage traffic
- Traffic controllers will be stationed at Port Elliot Road and Tottenham Court Road to assist with:
 - queued traffic during the morning peak period
 - heavy vehicle movement as required
- Work will not occur on weekends or public holidays unless advised in advance.

Keeping you updated

If you want to know more about these works, I encourage you to contact us.

Laura Jones or Julie Wagner

No interruption to your water services is expected throughout these works. If there is a need to temporarily disrupt your service, we will let you know with a minimum of four business days' notice.

Thank you for your patience and understanding while we improve your water supply network.

Kind Regards

Laura Jones
