

MEDIA RELEASE

Fleurieu Career Expo back bigger and better

13 July 2026

The region-wide Fleurieu Career Expo is back for a third year with an expanded number of exhibitors for job seekers of all ages.

The Expo is supported by a wide range of businesses, schools and organisations, including Alexandrina Council.

The event will take place at Investigator College in Victor Harbor from 6pm to 8pm on Wednesday, 29 July 2026.

Alexandrina Mayor Keith Parkes said Council was proud to sponsor the Expo to showcase local employment opportunities and offer young people and residents looking for new career pathways the chance to speak face-to-face with employment providers and training organisations.

“There will be over 60 exhibitors at the expo, more than previous years, and they include more than 20 Fleurieu Peninsula businesses as well as representatives from universities and higher education, apprenticeships/traineeships, and government organisations,” Mayor Parkes said.

“Alexandrina Council is also hosting a stall so come and have a chat with our team to find out about the range of jobs and training pathways available through local government, from planning and environmental management to libraries, tourism and field services.

“This is a great event that keeps getting bigger and better every year and we really applaud the local education providers and our neighbouring councils and our business community for continuing to support our young people and all job seekers.

“Regardless of what career pathway young people think they might head down; this Expo is a brilliant opportunity to obtain real and relevant information about potential careers and training opportunities.”

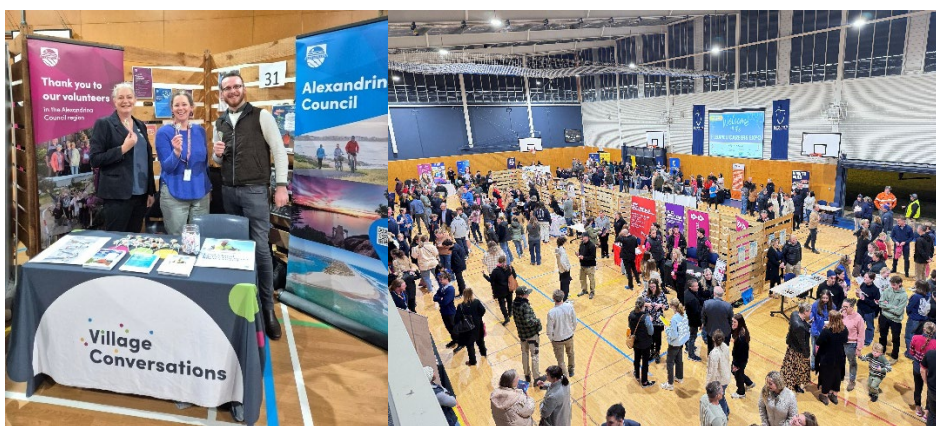

After receiving feedback from last year’s Expo, the Fleurieu Career Expo Organising Committee have added new components to the 2026 Expo including university information sessions, and spotlight sessions on Women In Stem (by Bridget Lindsay – 2025 Young Water Professional of the year), Entrepreneurship on the Fleurieu (by Sam Neeft – Owner / Operator Fleurieu Bikes) and Apprenticeships and Traineeships (by MAS National).

The evening will also host an Agriculture Career Panel, bringing together three local industry leaders - Adam Wilkinson from Fleurieu Milk, Bruce Hancock from Ag Tertiary Pathways, and Rebekah McCaul from Alexandrina Cheese to share their journeys in agriculture.

Together, they'll offer students a snapshot of the diverse career pathways available within the Fleurieu's agriculture sector.

The Fleurieu Career Expo is supported and organised by Fleurieu Peninsula schools - Encounter Lutheran College, Investigator College, Victor Harbor High School, Mt Compass Area School, Goolwa Secondary College, and Yankalilla Area School; as well as Alexandrina Council, the City of Victor Harbor and Yankalilla District Council and Business Victor Harbor.
