## Strathalbyn Town Centre Revitalisation Stage Two underway 19 April 2021

The Strathalbyn Town Centre Revitalisation Project has reached a milestone with Stage Two works commencing at the beginning of April. This follows the nearly completed Stage One works which is delivering the realignment of the Albyn Terrace intersection and beautification works around the St Andrews Church including landscaping and streetscape elements.

Stage Two works will be undertaken around the Commercial Road and Albyn Terrace intersection, and is separated into two phases. The first phase will commence on the east side of the junction, with the works moving to the west side in May. Traffic Management will be in place to ensure safety for road users and construction staff, and traffic will be directed northbound only for the duration of the works. It is anticipated that Stage Two will be completed before the end of June this year.

Works are also progressing following the recent announcement of \$3.85 million grant funding from the State Government's Local Government Infrastructure Partnership Program, which will be matched by Council and assist in the completion of all eight stages by the end of 2022 including:

- Stage 3 - Upgrade High Street Precinct
- Stage 4 - Upgrade Dawson Street Precinct
- Stage 5 - Upgrade Swale Street Link
- Stage 6 - Upgrade Albyn Terrace Precinct
- Stage 7 – Create Town Centre Tourism Parking
- Stage 8 - Upgrade of the Strathalbyn Town Hall.

Alexandrina Council Mayor Keith Parkes said the project is progressing well so far.

“We are very pleased with the work completed so far and have received a lot of very positive feedback. Strathalbyn is a beautiful town steeped in history so these plans are all about increasing the functionality and flow through the town, while incorporating landscaping elements that are true to the town's charm and character.”

The eight-stage master plan can be viewed on Council's website at [alexandrina.sa.gov.au/strathalbyntc](http://alexandrina.sa.gov.au/strathalbyntc)
