Message from our Mayor

Welcome to the spring edition of Alexandrina Alive. On behalf of all of us at Council, we wish you a safe and happy holiday season.

A Fire Danger Season flyer has been included with our newsletter in your letterboxes. Authorities are forecasting a long hot summer with a high fuel load so I would encourage you to consider your Bushfire Plan. Council will be doing its own preparations, having recently purchased a new tractor with slashing attachments to assist with the maintenance of our parks, reserves, and roadsides so we are not solely relying on the availability of contractors.

Leading into summer, I am delighted that two major projects have been completed that will greatly enhance the recreational opportunities for our community.

The Beacon 19 Boat Ramp near the Goolwa Barrage was reopened for public use at the start of September. Rebuilt by Council with State Government funding support, this launch facility makes it easier for all water users to access the Coorong National Park.

The entrance to Goolwa Beach is also safer and more accessible thanks to an upgrade to the 4WD access track and car park area.

Again, this project received State Government funding. Council has managed to significantly increase available parking while making

it safer for pedestrians, cyclists and motorists using this area.

I'll finish with some words of encouragement to everyone in Alexandrina to embrace the Santos Tour Down Under cycling event rolling through our region on 19 January 2024, finishing at Port Elliot.

The eyes of the world will be on us, so it would be fantastic to see all our communities along the route taking part in the Santos Best Dressed Town competition.

It's a great way to get involved and be part of the excitement of this world-class event.

Mayor Keith Parkes

Pedal power: Join in the excitement of the Santos Tour Down Under

The Santos Tour Down Under international cycling race is coming through our region on Friday, 19 January 2024 with Stage 4 of the Men's Race.

Beginning in Murray Bridge, Hahn Men's Stage 4 aims to showcase the landscape of the regions recovering from the recent flooding and follows the Murray River to Langhorne Creek, then to Strathalbyn, Ashbourne, Currency Creek, Goolwa, and Middleton before the first time finish on The Strand at Port Elliot.

The eyes of the world will be on our region so we would love our community to get involved.

Why not sign up for the Santos Best Dressed Town competition? There are categories for towns, and private, community and commercial properties. We would love our schools, service clubs and business associations to climb aboard.

We also want our business community to make the most of the increased visitation expected for this world-class event.

Business Alexandrina is hosting two targeted workshops for local businesses in the coming weeks to assist with leveraging the exposure from the Santos Tour Down Under. Head to alexandrina.sa.gov.au/2024TDU for more details.

To facilitate the safe operations of the race, organisers have proposed some road closures and changed traffic conditions. These are subject to final approval.

Image: Stan Woods, Don Hancock and Rob Rabone, Middleton Town and Foreshore Association members, are collecting boards and bikes to dress up Middleton for the Santos Tour Down Under Best Dressed Town competition.

Proposed Road Closures*

Friday, 19 January 2024, 6am to 6pm. Full-road closure with no vehicle access unless emergency:

- » The Strand, Port Elliot (from North Terrace to Freeman Lookout).

Friday, 19 January 2024, from 6am to 6pm. Roads closed to vehicles. Temporary parking controls in place but residents/traders allowed access to their home/business:

- » Freeling Street (from the Stand to Charters Street), Port Elliot
- » Charteris Street (from Merrilli Place to Train Line), Port Elliot
- » Mason Street (from Train Line to Merrilli Place), Port Elliot
- » Barbara Street (from The Stand to Rosetta Terrace), Port Elliot
- » Merrilli Place (from the Strand to Mason Street), Port Elliot.

* All road closures and parking controls subject to final approval. Please direct enquiries to alex@alexandrina.sa.gov.au

Temporary Parking Controls*

No parking, 6am to 6pm, Friday, 19 January 2024 on following roads:

- » The Strand, Port Elliot
- » Freeling Street (from the Stand to Charters Street), Port Elliot
- » Charteris Street (from Merrilli Place to Train Line), Port Elliot
- » Mason Street (from Train Line to Merrilli Place), Port Elliot
- » Barbara Street (from The Stand to Rosetta Terrace), Port Elliot
- » Merrilli Place (from the Strand to Mason Street), Port Elliot
- » 491 to 525 Ashbourne Road, Strathalbyn
- » Commercial Road, Strathalbyn (from Mill Street to 50m north of Colman Street)
- » Bridge Road, Langhorne Creek (from Langhorne Street to Westbourne Street)
- » Bridge Road, Langhorne Creek (60m west of Murray Road to 80m east of Murray Road).

Middleton whale sculpture

Alexandrina Council is proud to be involved with the creation and recent dedication of "Buttons & Bobby", a red gum sculpture of a Southern Right Whale and her calf by internationally renowned artist Silvio Apponyi, commissioned by the Middleton Town and Foreshore Association.

Association Vice-President Jen Watts was instrumental in bringing the public artwork to the seaside reserve after spotting something "bulbous" and whale-like in the shape of a mighty fallen gum tree on the Naracoorte property of her brother Peter Westley.

Council was able to help that journey financially through initial seed funding via a \$3,000

community grant and then through an \$18,000 public art allocation.

However, our in-kind support was important with Council staff helping the association successfully apply for Country Arts SA funding and to connect with Adelaide Hills-based sculptor Silvio Apponyi.

Our planning department also helped with the development approval process, our communications team assisted with promotional support and our field service people helped with groundwork, preparing the site, removing bollards for the crane entry, removing unwanted material, installing the protective fencing and preparing the footings.

Image above: Council's Chief Executive Officer Nigel Morris, Peter Westley, Jen Watts, Silvio Apponyi and Mayor Keith Parkes.

Middleton footbridges are a 'Go'

The footbridges are now open and accessible at the ocean end and northern end of Mill Terrace at Middleton.

Repairs to the damaged gabion walls adjacent the ocean end footbridge will continue with minimal disruption to public access.

Work on the rock retaining wall, paving, stairs and landscaping has started. The staircase will be installed after the civil works are completed.

Image: The footbridge at the ocean end of Mill Terrace, Middleton, is now open.

Additional access to the beach will remain in place during this time.

Both bridges were damaged in the November 2022 storm event.

Council is scheduled to receive a commissioned hydrology report on the Middleton Stormwater Catchment Area in late October.

Citizen of the Year Awards 2024

Nominations now open!

Alexandrina Council is currently seeking your nominations for the 2024 Citizen of the Year Awards.

Do you know someone who makes a real difference in our community who deserves to be rewarded and recognised for their contributions and outstanding service?

Categories include:

- Citizen of the Year
- Young Citizen of the Year
- Community Event of the Year
- Award for Active Citizenship.

Nominations close on 17 November 2023

Submit online at citizenoftheyear.com.au or pick up a nomination form at Council's libraries in Goolwa and Strathalbyn.

Nomination forms can also be downloaded from Council's website alexandrina.sa.gov.au/citizenoftheyear

CITIZEN OF THE YEAR AWARDS

Reflect. Respect. Celebrate.

Country and culture meet at revamped Goolwa Beach

Council marked the opening of its \$2 million upgrade of the Goolwa Beach Car Park and Environ project with an unveiling of some public artwork by Ngarrindjeri artist Cedric Varcoe.

Cedric's sculpture reflects concepts of family, Country, knowledge and culture.

The artwork was originally envisaged for the Goolwa Wharf Precinct but has found a home at Goolwa beach, which is now safer and more accessible thanks to a \$2.065 million upgrade to the 4WD access track, car park and beach entrance environs.

The project has been funded by Council with support from the Government of South Australia through a \$995,000 grant from the Open Space and Places for People program.

Key features of the project include:

- » The expansion of the car park to the north to provide 166 car parks plus an overflow area.
- » Angle parking along Beach Road providing an extra 28 parking spaces.
- » A new 4WD beach access slip lane and signage.
- » Improved access to the beach for emergency vehicles.
- » An accessible beach ramp.
- » A new promenade area with shelters, seating and picnic settings.
- » Showers, sand rinsing facilities, water bottle filler and dog drinking bowl.
- » Wireless phone charging facilities.
- » Bicycle racks and lockers.
- » Horse tethering posts and drinking trough.
- » New landscaping with more than 1,500 native species seedlings.
- » Water-sensitive garden beds designed to slow and reduce the volume of stormwater run-off, capture pollutants and minimise the risk of flooding at the end of a stormwater system.
- » A new shared path connecting the car park to the Encounter Bikeway.
- » The installation of lighting and irrigation.
- » Three electric vehicle charging stations.

Are you Bushfire Ready?

With the fire danger season fast approaching and conditions starting to dry out leading into summer, please ensure you are prepared.

Council has developed a bushfire management brochure to assist in your preparation. Please refer to the brochure provided in your rates notice mail-out or view on council's website alexandrina.sa.gov.au/fire

Council will begin its annual block inspections this month. Please ensure your property is prepared and is maintained throughout the Fire Danger Season.

Generally these dates are Mt Lofty Ranges – **1 December 2023 – 30 April 2024** and Murraylands – **15 November 2023 – 15 April 2024.**

> For further information visit alexandrina.sa.gov.au/fire

Please note these dates are subject to change. To determine which district you are in or the precise dates for the Fire Danger Season each year please refer to the CFS website cfs.sa.gov.au

Image: Past Village Conversation participants.

It's time to catch up for the 2023 Village Conversations

We're back with the 2023 'Village Conversations', ready to dive into what matters most to your community.

We're excited to share what's new, what Council has done, what we have planned, and to reconnect with you about your priorities.

These conversations with our communities help us to develop our annual budgets, action plans, strategies and will further shape the place-based Village Innovation Plans for each township.

We know not everyone is thrilled by the idea of a formal 'town hall meeting'. That's why we've put together sessions that are not only engaging but family-friendly.

Drop in any time between 3.30 pm and 7.30 pm. Whether you have a few minutes to spare or you would like to watch a scheduled presentation, the choice is yours.

Mark your calendars for the 2023 Village Conversation, October to December, and drop by to enjoy a cuppa, stay for a sausage sizzle, and most importantly, connect with your local council and community members.

FlexiPay for easy rate payments

Ratepayers now have the flexibility to pay their rates hassle-free through direct debit via FlexiPay.

FlexiPay allows ratepayers to tailor rate payments to fit their budget. They can choose to pay weekly, fortnightly, monthly, or quarterly over the financial year.

Need to Make Changes?

To create a FlexiPay arrangement please refer to your second installment notice for our FlexiPay flyer and follow the three easy steps.

Cancellation Made Easy

FlexiPay arrangements can be cancelled through online accounts.

Find out more by visiting alexandrina.sa.gov.au/pay-your-rates

Street tree planting

Around 360 advanced street trees and 40 seedlings were planted by Alexandrina's Parks and Gardens team last financial year as part of Council's climate action plans to make our townships greener and cooler.

Most of the planting was concentrated in Milang, Middleton and Goolwa after computer modelling revealed these townships had some of the lowest tree canopy covers in the district at 11 per cent, 14 per cent and 14.5 per cent respectively.

Around 120 advanced trees were planted in Milang, 87 advanced trees were planted around Middleton and 89 advanced trees were planted in Goolwa. A further 104 trees were planted in other townships.

Image: A Parks and Gardens Team member secures a newly planted street tree in Middleton.

An additional 200 seedlings of native trees and understorey vegetation were planted on the reserve between Seaview Avenue and Basham Beach Road at Middleton.

Native species dominated the planting schedule with some 60 non-native street trees planted in selected areas to suit the location.

Greening our townships was a priority for our community who took part in our 'A2040 Village Conversations'.

We have listened to the community and have completed a baseline study of the canopy cover in our towns and are now developing a tree planting strategy.

Work about to start on Goolwa Wharf upgrade

A new contractor McMahon Services has been engaged to deliver Stage 2 of the Goolwa Wharf Precinct Project.

McMahon Services is scheduled to start work on site in late October/early November.

Council has already purchased the specialist timbers needed for the refurbishments to the wharf structure.

Inspections by divers have revealed more work needs to be done than initially outlined.

The recent tender process has caused some delays to the project,

but the Goolwa Wharf Precinct is an important South Australian heritage site, an iconic tourism destination and a major driver of economic activity in our region so Council wanted to achieve the best value for the community.

Meanwhile, Stage 1 - the renewal of the Signal Point building as a multi-purpose experience centre - is on track and scheduled to be finished by the end of 2023.

As part of the initial steps in Stage 2, Council initiated a 'Register of Interest' process for leasing or investing in the 12 commercially available spaces in the Precinct.

Image: Council CEO Nigel Morris.

The premises range from the modern Building One at Signal Point to the historic Harbour Master's Residence.

Council is now reviewing the submissions which closed on 29 September 2023.

The entire \$17.4 million Goolwa Wharf Precinct project includes \$3.75 million in funding from the Australian Government and \$1.25 million from the Government of South Australia.

> To find out more about the Goolwa Wharf Precinct project, head to alexandrina.sa.gov.au/goolwawharf

Not one but five library options

Council has five library locations across the region.

Besides the larger locations at Goolwa and Strathalbyn, we have Library depots at Milang and Port Elliot, and a Library Kiosk at the Mount Compass Post Office.

The Library depots at Milang and Port Elliot are open twice per week, offering smaller collections, printing, PC use and Wi-Fi. They are used as pick-up and drop-off locations for library items for these townships.

The Library Kiosk in the Mount Compass Post Office provides a basic pick-up and drop-off service five days a week. Library members can collect borrowed holds placed online or via the LibrariesSA App.

Image above: Library Support Officer Sally sits down with local attendee during a recent 'Being Digital' libraries program.

Summer weekly recycling

The collection of green organic bins and yellow recycling bins will switch to weekly pick-ups over the peak summer period.

The cycle will start on Tuesday 19 December 2023 and end on Friday 26 January 2024.

However, the collection of blue bins for general landfill waste will remain fortnightly.

Details are available on your printed kerbside collection calendar, the **My Local Services App** or **fleurieuregionalwasteauthority.com.au**

FLEURIEU REGIONAL
WASTE AUTHORITY

Bridging the mobility gap for our residents

Did you know Alexandrina Council provides funding to both the Southern Communities Transport Scheme (SCOTS) and Hills Community Transport (HCT) to assist eligible residents who are transport disadvantaged?

SCOTS cater for coastal residents and are seeking to increase availability of transport for any eligible resident including under 65's.

HCT delivers support for Strathalbyn

and surrounds residents and will soon have extra capacity to offer transport in and around Strathalbyn with a car soon to be stored at Council's Strathalbyn office.

Depending on availability, transport requirements can be for social, medical and non-medical appointments.

**For further information visit
[alexandrina.sa.gov.au/
transport](http://alexandrina.sa.gov.au/transport)**

How's That! Works at Goolwa Oval Recreation Precinct a corker

Work on Stage Two of the Goolwa Oval Recreation Precinct is well underway with the completion date on track for early 2024.

New practice nets were handed over to the Goolwa Cricket Club last month.

Built by sporting nets specialist PM Sports, the new facilities provide three practice nets for club training and a fourth wicket that is open to the public seven-days a week.

Image: Goolwa Cricket Club Secretary Paul Thurlow.

A new equipment storage shed and shelter is expected to be up by the end of the year for the peak of the summer season.

Work is also scheduled to start on the landscaping around the nets to provide sealed paths and irrigated grass areas moving towards the wetlands.

New public toilets at the oval opened in August.

This followed the completion in early 2023 of sports field lighting, a full colour LED multi-sport scoreboard with video capability, new 12m goals, 8m behind posts, rear of goal netting and AVTV installation for the clubrooms in preparation for the winter sporting season.

The southern corridor acrylic tennis and netball courts are under construction with spectator's shelters, court lighting and a storage shed to be installed.

The existing courts will undergo a refurbishment with new acrylic surface, spectator's shelters and court lighting to match the new construction for shared use scheduled for completion late 2023.

Image: Goolwa Cricket Club Secretary Paul Thurlow and the team from PM Sports.

A new play space will be installed adjacent the tennis/netball courts in close proximity to the clubrooms and oval users, with no vehicle access, creating a safe space for children.

The Goolwa Lions book shed will be relocated to a new modern facility with easy access from Wildman Street or the Goyder Street oval grounds.

The boulevard entry from Hutchinson Street will include exposed aggregate concrete with advanced trees, shrubs, lawn areas, irrigation, shade shelters, and park seating. This is scheduled for completion in early 2024.

For further updates visit

alexandrina.sa.gov.au/goolwaoval

Dive into summer fun at Strathalbyn

The Strathalbyn Community Swimming Pool is now open for summer.

The official opening celebrations will be held on 26 November 2023.

The off-peak season sessions began on 16 October 2023 and run until 17 December 2023.

The peak season opening times operate from 18 December 2023 until 28 January 2024.

The pool will remain open to the public, weather guidelines permitting, until 14 April 2024.

The facility will be closed on Christmas Day, New Year's Day and Good Friday.

For opening times and session pricing

sa.ymca.org.au/strathalbyn-pool

Smooth sailing ahead: Beacon 19 Boat Ramp now open

Following a \$1.9 million upgrade, the Beacon 19 Boat Ramp near the Goolwa Barrage was reopened for public use at the start of September.

This upgrade was funded by Alexandrina Council with support from the Government of South Australia through a \$650,000 grant from the Economic Stimulus funding program.

The project involved dredging, the replacement of the 40-year-old, existing wooden jetties, the installation of a new pontoon structure and the installation of lighting and signage to make it easier and safer for boat users to launch and retrieve their vessels.

Beacon 19 is one of the main access points to the Coorong National Park so upgrading the infrastructure was critical for community safety.

Alexandrina Mayor Keith Parkes said the new facilities would enhance the reputation of Goolwa and surrounding areas as a premier boating destination.

"The new, improved ramp will also encourage opportunities to link Beacon 19 with the natural attractions of the Coorong such as bird watching, bushwalking, kayaking and other water sports," Mayor Parkes said.

"The facilities give visitors another reason to explore the Alexandrina region, and it assists our community to capitalise on regional tourism opportunities."

Images courtesy of main contractors McMahon Services Australia.

"We were also pleased to use a number of local contractors for the works including Goolwa Jetty Builders who built the original ramp 40 years ago plus Marvelis Concrete, Treadwell Group, AAA Asphalt, Goolwa Quarries, Traegers Earthmoving, South Coast Sand and Civil, A1 Hire Victor Harbor, and Andrew & Associates Surveyors."

2023 Mayors' Short Story Challenge

Young writers from across the Fleurieu region have been recognised in the annual Mayors' Short Story Challenge.

The Challenge supports the development of language and literacy skills in school aged children from Reception to Year 10.

Alexandrina Council received 403 entries, the City of Victor Harbor 517 entries and the District Council of Yankalilla received 176 entries.

Mayor Keith Parkes joined neighbouring Mayors in presenting awards and prizes during presentation events held in the local libraries and schools.

The 2023 Mayors' Short Story Challenge Winners in the

Image: Mayor Keith Parkes with Gemma Cleggett (back left), James Spencer and Isabella Andrews and Catherine Green.

Alexandrina region included Isabella Andrews, James Spencer, Gemma Cleggett (overall winner), and Catherine Green.

Congratulations to awards winners and all those who participated.

Community consultation on the State Government plan closes on 6 November 2023. Alexandrina Council will be providing feedback.

Learn more about the discussion paper and how you can make your own submission plan.sa.gov.au/regional-planning-program

Major Project Updates

Horseshoe Bay Jetty, Port Elliot

The remediation works of the Horseshoe Bay public jetty are scheduled to begin late 2023 and are expected to be completed in early 2024. The project includes the installation of new stairs, cross braces, and piles and the reinstatement of decking. The use of a marine barge and excavator for this project will prevent contractor movement through the new pedestrian link.

Strathalbyn Town Centre Streetscape

The final stages of the Town Centre Streetscape Revitalisation are on track to finish later this year, including the Town Hall refurbishments. The project will add vibrancy and foster community connection through shared open spaces, landscaping and wayfinding signage.

Stormwater Works Tarella Street, Milang

A new \$900,000 underground stormwater system has been installed in Milang to control roadside water pooling in Tarella Street and Etona Court. Due to poor ground conditions, the reinstatement of the seal has been placed on hold until later this year when the area dries out and base compaction can be successfully achieved. Until seal reinstatement can be undertaken the trenching has been backfilled with rubble to the existing road surface level to allow safe vehicle movement.

Mount Compass Recreation Park Public Toilet

A design for a new public toilet at the Mount Compass Recreation Park is being finalised. Construction is scheduled to begin in early 2024. The toilet will add to the playground, BMX and skate facilities. This \$400,000 project will add to the family-friendly amenities in the park.

Nangkita Road, Mount Compass

A \$963,100 project to upgrade sections of Nangkita Road using special water-resistant materials in the pavement, is nearly complete. The current surface is temporary due to the special pavement materials needing time to cure before the final surface can be applied. Final surfacing is planned for application in February 2024.
