

Message from the Mayor and CEO

On behalf of Alexandrina Council, we would like to reassure our community that we are actively responding to the current COVID-19 related lockdown and managing the impacts to the services we offer.

We acknowledge that this is again an extremely challenging time for our community members and local businesses. However, as we have learnt over the past 18 months, despite the many obstacles that have been presented, we have successfully adapted and navigated through the pandemic and will continue to do so on this occasion.

Council is monitoring information being provided by the Australian and South Australian Governments, with our priority at all times on the health and safety of our community and staff, while also seeking to maintain effective council services and emergency responses. Our dedicated webpage contains up-to-date information regarding Council services, community and business support, trusted links and more, please visit **alexandrina.sa.gov.au/coronavirusresponse**

Alexandrina Council is available to assist vulnerable community members during this lockdown period by providing access to essential supplies. If you or someone you know in Alexandrina is unable to leave your house for groceries or medical supplies, please contact Council on 8555 7000.

Our dedicated Business Alexandrina support team are also available for business operators to speak with during this time on **8555 7455**.

If you have further questions about Council's response or service delivery, please send an email to our dedicated Coronavirus (COVID-19) information line at **coronavirus@alexandrina.sa.gov.au** and our staff will respond accordingly. You can also call Council on **8555 7000** for information and support.

The State Government's COVID-19 website (**covid-19.sa.gov.au**) remains the best source for SA Health related information, contract tracing and exposure locations, and details of restrictions and activities permitted throughout this lockdown.

We thank you for your patience and understanding through this time and while it is extremely difficult for many, we have proven over the past year that as a community we are resilient and we can rebound from these restrictions, we will support each other and recover together. Most importantly, please stay safe.

Keith Parkes
Mayor

Glenn Rappensberg
Chief Executive Officer
