

Alexandrina Council

Monthly Works Outlook

As of 28th April 2017

The Engineering and Environment Division looks after all Council environmental and compliance matters along with infrastructure maintenance, upgrades and improvements including roads, stormwater, footpaths, parks and gardens, reserves, buildings and Community Wastewater Management Systems (CWMS).

The purpose of this Works Outlook is to provide information to stakeholders on the activities of the Engineering and Environment Division looking ahead for the next month.

For further information regarding these projects please contact the Council on 08 8555 7000 or by email at alex@alexandrina.sa.gov.au.
